MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Requests for CIA Speakers

1. This memorandum contains in paragraph 6 recommendations for your approval.

2. Pursuant to your memorandum of 30 August 1966, I met on 26 September with representatives of the Offices principally concerned to discuss means of implementing the Director's decision to be more responsive to requests from public groups for Headquarters speakers. In addition to the Assistant to the Director, the Director of Training, and the ADD/I, a representative of the DD/S&T was also present.

3. The group concluded that current procedures [] for providing speakers to appear before non-Government organizations are working satisfactorily and should be continued. Under these procedures, as you know, requests for speakers go first to the Assistant to the Director for review and then to you for approval. After approval, the Assistant to the Director selects the outline or text of the speech to be presented, and the Director of Training chooses the speaker and arranges for his appearance.

4. In the past, the Office of Training has supplied most of the speakers for outside groups, using the same officers who regularly provide briefings on the Agency for various Government audiences. It is clear, however, that OTR's "stable" of speakers may not be appropriate for some of our new requirements and, in any event, must be augmented to meet the expected increase in requests. DD/I and DD/S&T were asked, therefore, to identify a number of senior officers who could be added to our roster. Their names are included on the attachment.

5. Our meeting recognized the distinction that must be made in selecting speakers who are to deal with substantive topics, as opposed to those who are asked to talk about CIA in general. The former, we believe, must continue to be chosen ad hoc, with DD/I probably supplying most of them; but the general procedures in [] can be followed with these requests as well.
